

# Good Clinical Practice in research training in the North West - 2008/09

The NW Local Research Networks are supporting Good Clinical Practice (GCP) in research training events across the region in 2008. GCP courses are open to all staff **working on UKCRN research studies** such as investigators, nurses and also R&D, pharmacy and lab staff. Each course will provide formal GCP training, as required by regulatory inspectors. Many courses also have CPD accreditation.

Please note, most GCP courses are aimed at staff conducting clinical trials.

**A list of other R&D related courses in the NW can be found at: [www.gmra.org.uk/training.asp](http://www.gmra.org.uk/training.asp)**

*To book courses please use information in the booking details column*
